~~Separate Revenue~~.

P.L. MOORE, ESQUIRE, C.I.E., I.C.S.,
Commissioner of Land Revenue.

Resolution
~~Reference~~.

Read - the following:-

Government Memorandum No. 5317 C/25-1, Revenue - Department, dated 2nd October 1925.

RESOLUTION:-

(U) The attention of Government is invited to Government Order No. 3034 Revenue, dated 24-8-'18, deprecating reservation of waste lands as grazing grounds. The Board has - consistently followed the policy that Government are under no obligation to make additional provision for grazing grounds.

The

The Settlement Officer settles the extent to be set apart as grazing ground with reference to the number of cattle in the village and the land available grazing purposes and there is no need for the Revenue Department to set apart assessed waste lands for the purpose

In paragraph 2 of its Proceedings No. 4548 Routine, dated 15-10-1924, the Board has already observed that a great part of the large extent of waste lands in South Kanara is unsuitable for cultivation and unlikely therefore to be assigned In the circumstances the Board considers that the M.L.C's resolution should be opposed.

Copy of Memorandum to the Board of Revenue, Land Revenue and Settlement, No.2211 B/24-1, dated 19th September 1924:--

Legislative Council - October 1924 - Resolution No.141 - Waste lands - Cultivation - District Committees - Appointment.

The attention of the Board of Revenue is invited to the enclosure to B.P. No.380 Mis., dated 15th March 1918, printed at pages 7-11 of G.O.No.2435 Revenue, dated 26th June 1918. The Board is requested to submit not later than 5th October 1924, statistics showing (1) the extent of waste land and (2) the extent occupied under sivaijama. The figures should be for fasli 1333 or fasli 1332. The Board is also requested to report the average extent assigned per year in each district.

Copy of Reference from the Board of Revenue, Land Revenue and Settlement, Reference No.B.3774-24-2, dated the 8th October 1924:

The statistics received uptodate from Collectors are embodied in the accompanying statement.

x x

Statement showing the extent of waste land, extent occupied under Sivaijama and the average extent assigned in the Madras Presidency.

Name of District.	Extent of waste lands.	Extent occupied in Sivaijama.	Average extent assigned per year.	Remarks.
x	Acres x	Acres x	Acres.	Fasli. x
South Kanara.	9,53,389	11,341	9,900	1333

P.S-D

10-2

Copy of Resolution from the Board of Revenue, Land Revenue and Settlement, Routine No:4548, dated the 15th October 1924:

x x

2. In continuation of its Reference No.B.3774-24-2, dated the 8th instant, the Board begs to point out that in many districts particularly in the South Kanara district, where the area of waste land has been reported as 953,389 acres by far the greater part of this is uncultivable land consists of rocks or stony ground and steep hills which will never be brought under the plough.

It would therefore be quite unsafe to draw any conclusion from these figures, to show the area still available for cultivation.
